

# WORKERS WITH DISABILITIES

Workers with disabilities have more options for employment and accommodations on the job than ever before. And we're here to help. A Disability Resource Coordinator at CareerSource can help you find your way through all of the complex levels of entitlement programs, the [Americans with Disabilities Act](#), and career guidance. We can help you decide when and if you should disclose your disability to an employer and how to ask for accommodations.

Our Disability Resource Coordinator helps you access the services and programs that impact your ability to gain, return to, or retain employment and meet your career objectives. When you connect with a [Disability Resource Coordinator](#), we can help by:

- Giving you access to services at career centers
- Connecting you with other resources for workers with disabilities in the community
- Providing opportunities to meet with employers who are committed to hiring people with disabilities

We can also provide an interpreter for American Sign Language and many spoken languages for people for whom English is a second language. Just call (904) 356-JOBS (5627) or ask at one of our career centers. With a little lead time, we can make sure you get what you need. All of our centers have assistive technology for people with vision impairment or who need alternative access to our computer resources.

Be sure to ask if you qualify for the Social Security Administration's [Ticket to Work](#) program. Ticket to Work is a free and voluntary program that can help Social Security beneficiaries go to work, get a good job that may lead to a career, and become financially independent, all while they keep their Medicare or Medicaid benefits. Individuals who receive Social Security benefits because of a disability and are age 18 through 64 probably already qualify for the program.

CareerSource Northeast Florida is an Employment Network for Ticket to Work, and we are here to connect you with job leads and get you back to work.
