

PROFESSIONALS

CareerSource Northeast Florida can help you at any stage of your career, including successful managers and professionals. We know that at your level, it can take a while to find that next career position. So we've designed a program where you can connect with your peers and get advice from experts who understand your issues.

The CareerSource Professional Network offers career transition services to professional job seekers through networking, workshops, and business partnerships. You can attend monthly meetings that include networking opportunities along with career advice and job search tips from guest speakers. You can find information on the next meeting on our calendar at careersourcenefl.com. You'll also find the application for membership in the Professional Network on our website under Jobseekers and the "Professional" tab. Membership is for jobseekers who have 4-year degrees and/or management experience.

At our career centers, you can use our resource room computers for your job search, to research companies, update your LinkedIn profile or work on your resume and cover letter. Our staff can help you with your search and give you information about other services available from community resources and partner agencies. You can also use our computers and high speed internet access to file your electronic unemployment claim or claim your weeks.

If you can't make it to a career center, you can connect with us at any of our Mobile Access Points. Mobile Access Teams were designed for people who have challenges in getting to a local career center. The Mobile Access Point teams rotate daily among churches, libraries, community centers and nonprofit organizations across the region. You can find the schedule of where we'll be at our calendar of events at careersourcenefl.com.

You don't have to visit a center in person to get job leads and valuable information. Be sure to sign up for our email list. You'll find the sign up form at the bottom of any page at careersourcenefl.com. We'll send you a daily email with a list of the latest jobs in our system, federal contractor jobs, and information about job fairs and other events. You can also follow us on Facebook and Twitter to keep up with the latest news.

We also have a LinkedIn group for our Professional Network members where we post career advice and information on events and jobs. The membership includes recruiters looking for professionals just like you.

If you've been looking for work for a while with no success, talk to one of our staff members about the New Path to Success. We look for motivated jobseekers who are ready to commit to a structured approach to finding a job. If you qualify, you may be assigned to work with a career coach who will help you with research, setting goals, retooling your resume and interview style, and helping you get a fresh start on your career transition.
